

Public Awareness and Goals Committee
April 2024

The committee met on February 16th and did a comprehensive review of the 2023 Survey tool and the 2023 Goals and Focus Areas. The Committee agreed to keep the current areas of concern and decided to break out housing into three additional areas:

Appropriate and Available Supports
Modified/modifiable to be Barrier-free
Community Access/Neighborhood Supports

The Committee also finalized a timeline for the 2024 survey release as follows:

March 11th: Soft review of the survey tool by staff

March 15th: Finalize any staff revisions/generate list of groups or agencies

March 18th: Open to select public and possible revisions

April 1st: Promote the tool to the public

July 12th: Pull extract results for reports, but keep the survey open

July 27th: Analyze data and present results to the Board

On February 29th, the Committee met again to allow for additional commentary and input from members. The Committee approved the survey and questions tool for 2024.

During the week of March 1st, dLCV staff provided additional commentary on the survey tool. Most of the suggestions were minor text edits and were adopted. Other suggestions lacked specificity and were tabled for future consideration.

On April 1st, dLCV staff have begun promoting the survey. The finalized 2024 Public Input Survey is located here: <https://forms.gle/CmuPqEaZyKnu5cBA6>

PLEASE HELP PROMOTE THIS SURVEY!

As a side note, the 2023 Public Input Survey was closed and anyone who attempts to access the old link is provided the new link to the 2024 Survey.
